

Farm Management 2: Flock Record Keeping & Daily Operations

Data-Driven Management for Broilers and Layers

CHAPTER 1: STANDARD OPERATING PROCEDURES (SOPS)

Structuring daily routines for farm workers from early morning inspection to evening lockdown.

CHAPTER 2: DIGITAL & PAPER LOGBOOKS

Tracking flock performance curves against breeder benchmarks.

Key Metric	Monitoring Frequency	Action Trigger
Mortality Rate	Daily	Investigate if daily loss exceeds 0.1%
Feed & Water Consumption	Daily	Sudden drop indicates disease or stress
Egg Production % (Layers)	Daily	Adjust lighting or feed if drop occurs
